FOR JOBS

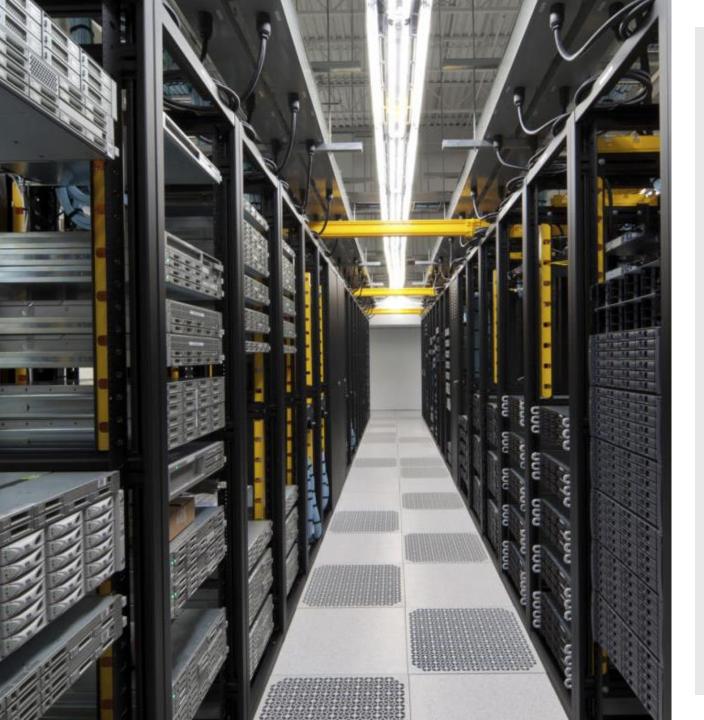

World Wide Web

- USES:
- Browsing
- Web Apps
- Cloud Apps
- Email
- Streaming Music and Video
- Academic Activities

Step Back: Storage

- Storage refers to where you, the user, save/store your data physically. (Using magnets and lasers or electricity)
- There are THREE main forms of storage.
- 1.) Internal Storage (Hard Drive C: Drive)
- 2.)External Storage (Flash Drives, External Hard Drives)
 →To a lesser extent Discs and mini flash discs (etc.)
- 3.)Cloud Storage
 - →Use someone else's computer to store your stuff!

"The Cloud"

- Cloud storage is just storing your stuff on someone else's computer.
- Cloud apps are just using someone else's computer to do the work.

Back Online: Ways to connect

- Broadband (Cable/DSL)
- Wi-Fi
- Cellular Data

Browsing with...

- -Edge
- -Firefox
- -Safari
- -Chrome

-Common Browser

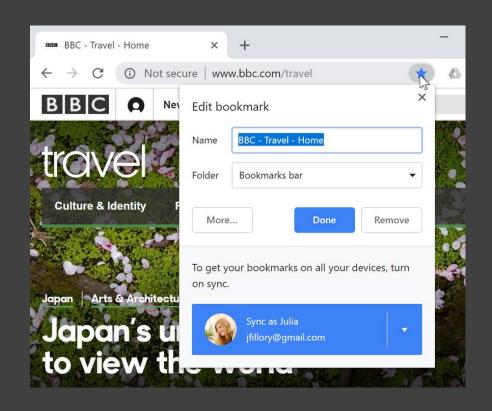

Security Concerns

- HTTP = UNSECURE!
- HTTPS = SECURE
- Only provide information to a secure site!!

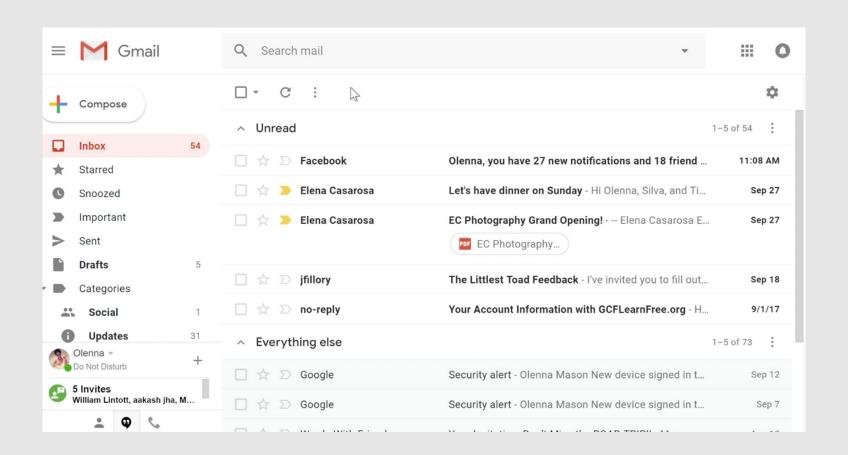

BROWSER MISC.

Gmail Basics

Sending Mail

Sending Attachments

- Find and click the paperclip icon
- Use the open dialogue box to add files

Evaluate Email

- Phishing scams are used to gain information from simple information to sensitive passwords.
- Never open an attachment unless you trust the sender
- Never use a link inside an email you don't trust. Try not to if you can manage.
